A relatively new addition to the ever-fluctuating Mar Mikhael bar scene, The Bohemian doesn't quite follow up on the implications of its name: it's a magnet for classy cosmopolitan types thirsting for a cocktail and some lounge music, and who are willing to book ahead for the privilege (essential on weekends). The menu is so extensive that the best course of action is to name your spirit and let the mixologists do the rest - a particularly appealing game during happy hour. Or you can take our word for it and order the sublime Gin Basil. The usual booze-inspired range of salads, burgers and appetisers are available, but the food plays second fiddle to the drinks, and we suggest you line your stomach beforehand. During the winter, the bar is kept nice and toasty by a heater of industrial proportions; but it comes into its own in the summer, when the façade opens out and lets in a cool breeze to match the chilled vibes. Media Platforms Design TeamHow, in this age of body-conscious dressing, does the caftan endure? Its ancient origins conjure faraway places, and its modern history channels a gallery of unforgettable images—most iconically Talitha Getty on a Marrakech rooftop. But the caftan's versatility—as appropriate with gold Prada wedges at a black tie event as it is with flip-flops on the beach—mightbest explain its perennial allure. "All you need to make a caftan glamorous are big sunglasses and major jewelry," said Liz Taylor, who would know—she wore one with a sapphire necklace to her 40th birthday party, the same night Richard Burton gave her the Taj Mahal diamond.Stellene VolandesEditor In ChiefEditor-in-Chief Stellene Volandes is a jewelry expert, and the author of Jeweler: Masters and Mavericks of Modern Design (Rizzoli).Watch Next
